### INSTRUCTIONS.

The color scheme on this card is blue and yellow. A blue background behind both of the sundaes, followed by a yellow background (behind the words HOOD'S and ICE CREAM) and then a blue border. Use the same style of type as the word HOOD'S. The size, however should be a trifle smaller. The word ICE CREAM should be the same size and style.

Lower the sundaes so that they are in the center. Follow the colors of sundaes as samples.

**INSTRUCTIONS:**

**Subject - HARDWICK WOOLEN MILLS, INC.**

**MR. SLADEK:**

Make this group 5 post card full-faced and follow layout of customer very carefully. When making up your ink sketch, submit to office for okeh. All pictures must appear in exactly same place as shown on dummy layout.

The wording or rather title to whole card must go in scroll in cut, as indicated at the lower left hand corner. This scroll must include the wording which previously was in blue sky.

Use the same type on this new job as formerly used on wording Hardwick Woollen Mills, Inc., Cleveland, Tenn., but on balance of wording use a plain Roman face, not italic. Customer does not want this title in panel to appear too large so as to cheapen the post card. Customer really prefers to have the wording "World's Largest Manufacturers of Clothing Raw Wool to Finished Garment" under the scroll work. If this can be done in preference to what I said above, do it.

The word TENNESSEE must be spelled out.

**COMPOSING ROOM:**

Notice type instructions given to Mr. Sladek. Spell out word TENNESSEE.

**MR. BUETTNER:**

Customer leaves the coloring of interior views to you and believes that you will handle this job properly. When coloring do not kill details in any way and harmonize coloring with colored picture of Mill.

## INSTRUCTIONS.

We suggest that the picture of the hotel be placed in the center and the picture of the apartment and garden on either side. Submit pencil sketch.

**HOTEL:--** The two smoke stacks which extend above the building should be removed, and also the wording "SQUARE" in the large signs on the top of the building as they have now changed their name to Hotel Bolton. Of course the telephone poles, wires, and the traffic signal light should be removed also. We thought an American Flag could be added where the smoke stacks were removed.

The color of the brick is a sort of buff and the nearest we can match to it on your color chart is your #19. The trimming is in white limestone, and the metal window frames in the store fronts are green; the awnings in front of the stores are tan. The large signs on the top of the hotel and the Restaurant sign in the front and the Drug Store sign should be in red, as they are the Neon signs. The rest of the signs should be in white.

Customer would like to have several automobiles in the front and show a number of people as passing the building; in other words, make it look like a busy corner.

**GARDEN:--** The building in the background is of brick, the same color as the brick in the hotel, and the roof of this building is slate. The benches, tables, and chairs are green, and the flower boxes are green with a sort of buff trimming. The umbrella in the foreground is white with green trimming, and the one in the background is white with tan trimmings.

**ROOM:--** The woodwork is walnut, and the walls and ceiling are a buff color; the drapes and the chair cover are of tulle, and the other chair and davenport are brown velvet. The window shades are white. The carpeting is taupe and the small rugs are taupe with a brown figure and border.
